Choose from any category under the Movies and Series section.

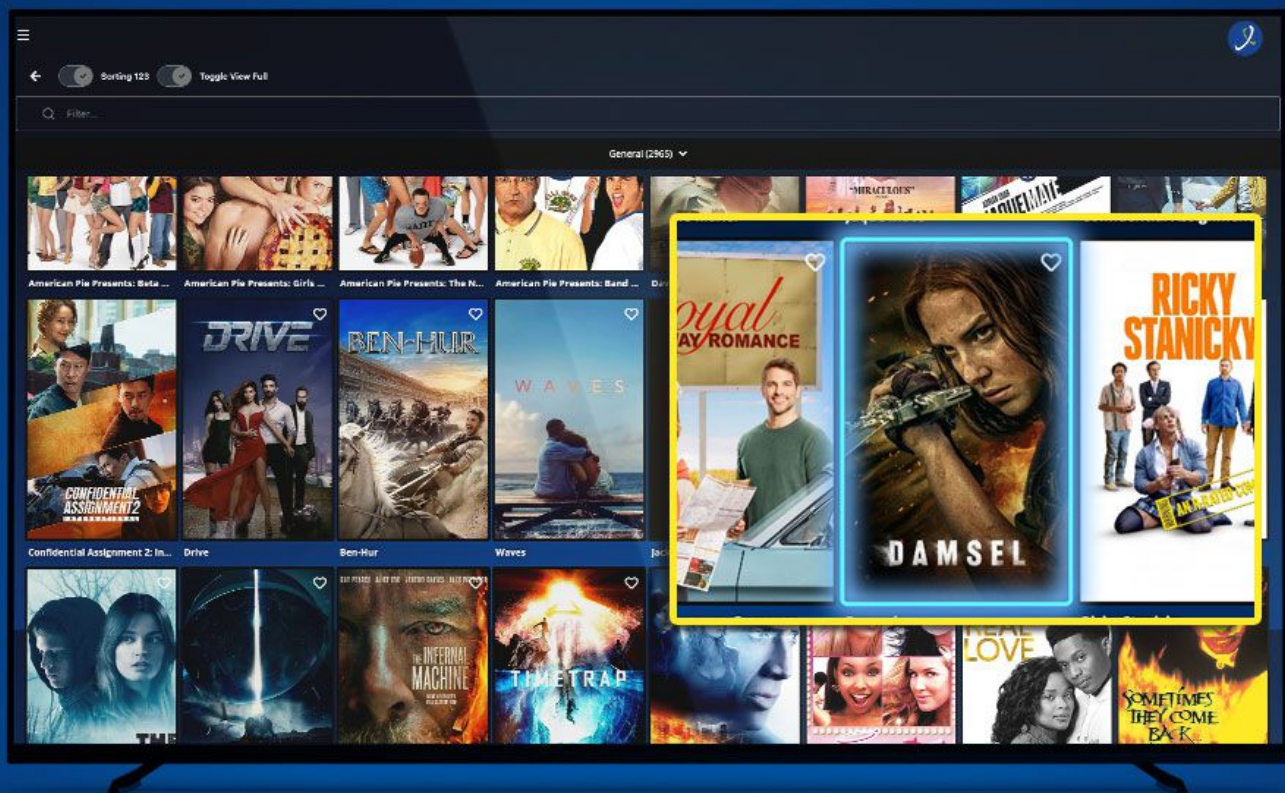

How to Watch using categories

Navigation:

Highlight a category tile and press the **Select/Enter/OK** button on your remote to view movies or series option.

If you want to watch a movie, Select **PLAY MOVIE**.

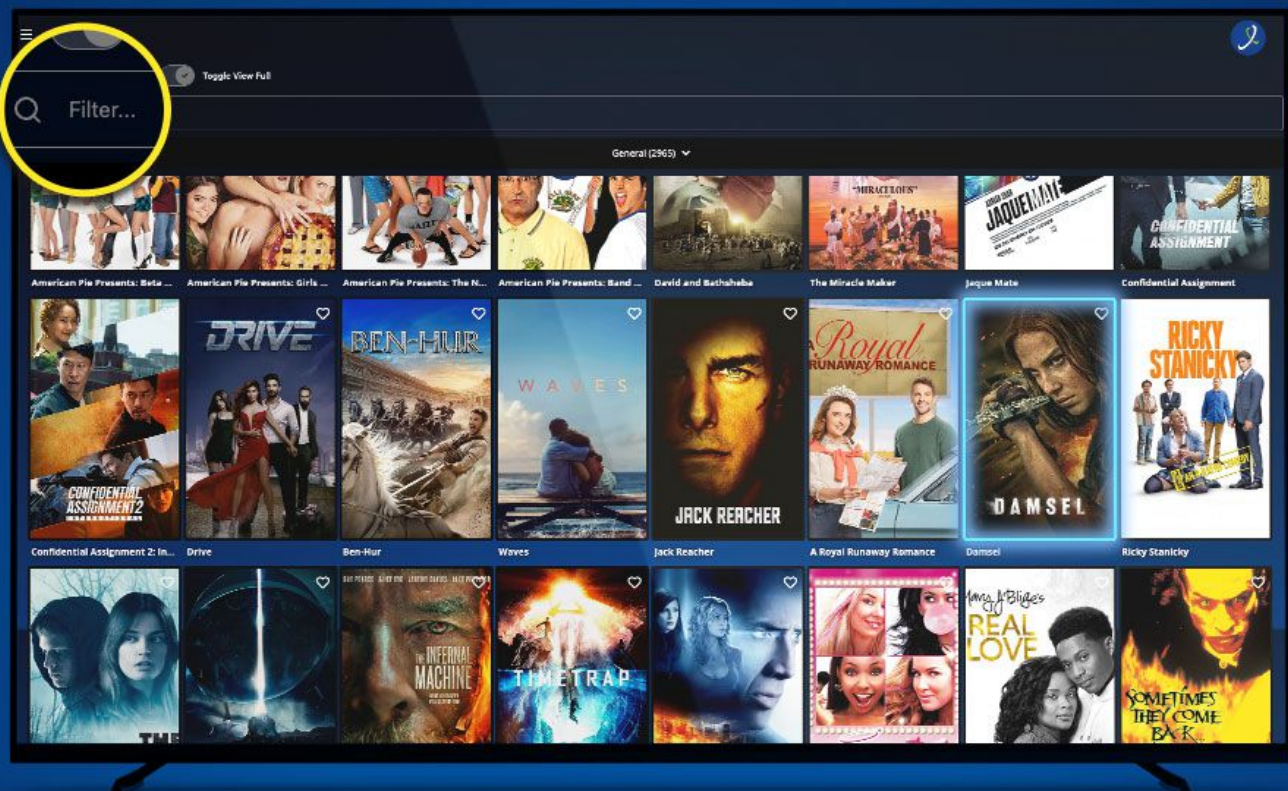

To view the trailer, Select **PLAY TRAILER**.

The Search Option

Search for a channel, TV program, movie, or series by name.

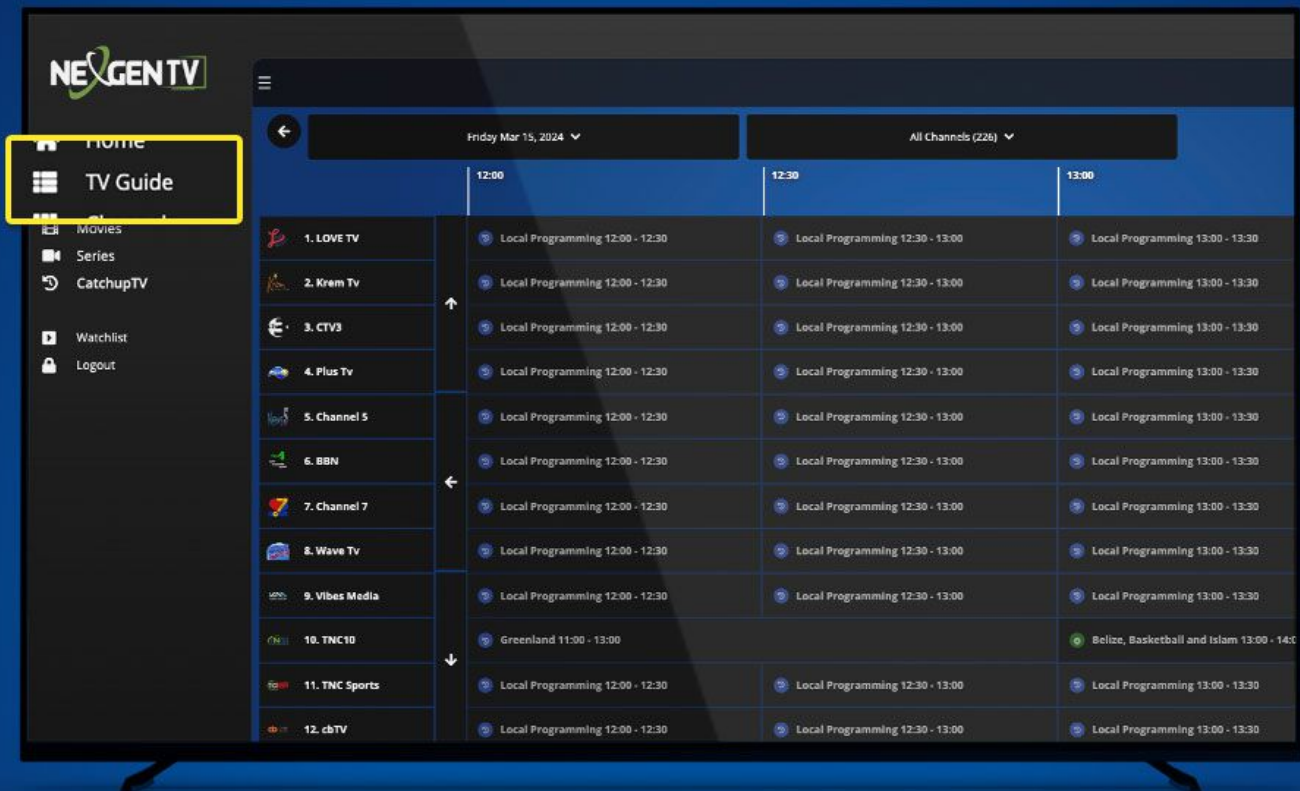

- Simply select the  magnifier icon to search.
- Navigate to highlight the tile, and press the **Select/Enter/OK** button on your remote to view your selection.

TV Guide

Look for the exact time a program will air by selecting **TV Guide**.

- At the top of the screen, select the Day and Channel.
- Flip through the program hours until you find the name of the program.

Catchup TV (Replay TV)

Go back and rewatch a live program. Select **CatchupTV**.
Navigate to the list of **Channels**.
Select the date and time the program aired or scroll to find
the name of the program. Press the **Select/Enter/OK** button
on your remote to start watching.

Watch LIVE TV

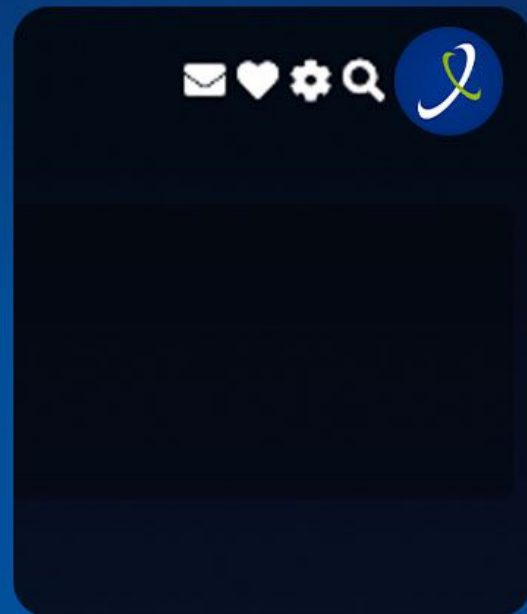

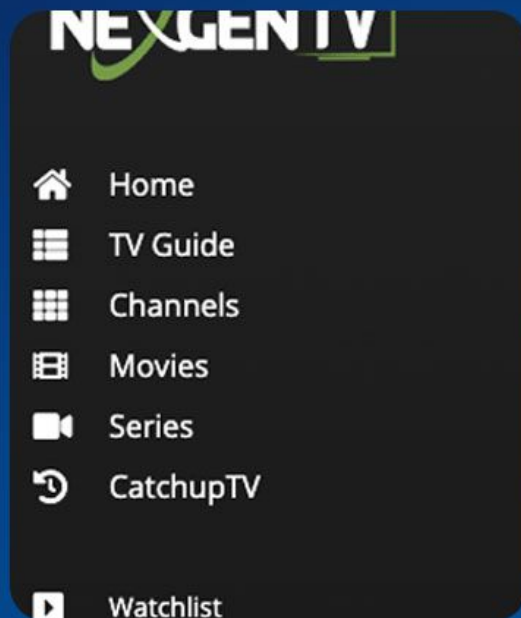

On the left of the screen, select **Channels** from the menu, navigate through the list of **All Channels**, or select the dropdown (black bar) to search channels by category.

You can also select one channel and continue flipping through the channels using the left and right arrow buttons on your TV remote or arrows on your device screen.

Favorite & Watchlist

Easily continue where you left off watching by selecting the **Personal** icon on your TV, select **▶ Watchlist** and navigate to the series or movie you were last watching. Your **Watchlist** previews all the TV shows or movies you last viewed.

Add a movie or a series to your **Favorites** list. Select the **♥ Favorite** icon. To view your favorite content select **👤 Personal** icon or the **♥** icon.
